John 15:1-17

Pastor Jonathan DiMego

Life truly takes place when we have <u>God</u> at the center of ours.

<u>Abide</u> means to remain with.

Lone rangers don't make it. You weren't designed to do this on your own.

We need to stop treating Church as a <u>country club</u>. Church is not all above you.

We have an <u>eternal perspective</u> on our lives and the lives of others.

You find joy in being part of the Kingdom because the love of God <u>consumes</u> & <u>shapes</u> your life.

The goal in all this is to <u>deflect</u> glory back to the King of our lives.
