

God's Moral Attributes

December 8, 2024

Dr. Stephen Burrell

- Holiness – God's holiness primarily means that He is separated from sin.
- God is Holy – He is infinitely, unchangingly perfect.
- That God is holy means he is endlessly, always perfect.
- These are the qualities of God in which He always does what is right because He is incapable of doing anything wrong.
- God is just – He is infinitely, unchangeably right, and perfect in all He does.
- Love – God is not full of love, but He Himself is love.
- This attribute of God shows that it is part of His nature to give Himself in order to bring about a blessing or good for others.
- To be faithful means to be safely trusted, reliable, and dependable.
- He will always do what He has said and fulfill what He has promised.
- God is the source of all good in the world.
- God only does good things for His children.
- Peace – God's peace is His actions characterized by order and not confusion.
- God is wise – He is full of perfect, unchanging wisdom.
- God is infinitely wise, consistently wise, and perfectly wise.
- God Is merciful & gracious – He is infinitely, unchangeably compassionate and kind.
