

GENESIS II - Choose Wisely

June 2, 2024

Genesis 13:1-14:24

Dr. Stephen Burrell

Lot has a choice.

The place where God speaks of the world.

The place where God speaks of ease.

The place where God speaks of significance and influence.

His love for the world extinguished his love for God.

His supposed life of ease cost him everything.

It is hard to set your face away from ease and into a life of crucifying the flesh.
