

GENESIS II - God's Covenant

June 16, 2024

Genesis 16:1-17:27

Dr. Stephen Burrell

Sometimes when we don't see God acting in our time – we start scheming.

We tried praying.

We've tried waiting.

We often throw out what God says in his word trying to come up with a plan to get us to the place we think God wants us to be.

Foolish plans always make matters worse.

One of the most powerful and enduring truths in the OT is that God always keeps his promises.

God is the God of the broken.
